

Startup Financial Due Diligence Report

Synthetic Test Dataset — NovaTech Solutions Pvt. Ltd.

FICTIONAL COMPANY & FICTIONAL DATA — FOR TESTING PURPOSES ONLY

This document was generated as a synthetic test dataset for FoundRisk Edge. NovaTech Solutions Pvt. Ltd. does not exist. All financial figures, customer data, and market estimates below are fabricated for software testing and contain no real company information.

Reporting Period	FY2024–25 (April 1, 2024 – March 31, 2025)
Reporting Currency	Indian Rupees (INR)
Industry	SaaS / Enterprise Technology
Document Type	Synthetic Due Diligence Report — Test Fixture
Prepared For	FoundRisk Edge — Extraction & Analysis Testing

1. Company Overview

NovaTech Solutions Pvt. Ltd. ("NovaTech") is a fictional business-to-business SaaS company, incorporated in 2019 and headquartered in Bengaluru, India. NovaTech builds workflow automation software for mid-market manufacturing and logistics enterprises, helping operations teams digitize approvals, inventory movement tracking, and vendor coordination.

Core Products

- **NovaFlow** — core workflow automation suite (approvals, task routing, audit trails).
- **Novalnsights** — analytics add-on module, launched Q3 FY2024–25.

Target Customers

Mid-market manufacturing and logistics companies with 100–2,000 employees, primarily in India, with early expansion into Southeast Asia (Singapore, Vietnam) beginning FY2024–25.

Operations

- Headquarters: Bengaluru, Karnataka, India
- Headcount (as of March 31, 2025): 210 employees
- Founded: 2019 | Funding stage: Series A (closed FY2022–23)

Source: Section 1 — Company Overview, NovaTech internal company profile (synthetic).

2. Revenue and Financial Performance

Annual Revenue

Fiscal Year	Revenue (INR Cr)	YoY Growth
-------------	------------------	------------

FY2023–24	14.2	—
FY2024–25	18.4	+29.6%

Source: Section 2 — Revenue and Financial Performance, Annual Revenue table (synthetic).

Quarterly Revenue — FY2024–25

Quarter	Period	Revenue (INR Cr)
Q1	Apr–Jun 2024	4.1
Q2	Jul–Sep 2024	4.4
Q3	Oct–Dec 2024	4.7
Q4	Jan–Mar 2025	5.2
FY2024–25 Total	Apr 2024–Mar 2025	18.4

Source: Section 2 — Revenue and Financial Performance, Quarterly Revenue table (synthetic). Quarterly figures sum to INR 18.4 Cr.

Operating Expenses — FY2024–25

Expense Category	Amount (INR Cr)
Cost of Goods Sold (COGS)	5.1
Sales & Marketing	4.8
Research & Development	3.6
General & Administrative	2.2
Total Operating Expenses	15.7
Operating Profit (FY2024–25)	2.7

Operating profit = Total Revenue (INR 18.4 Cr) - Total Operating Expenses (INR 15.7 Cr) = INR 2.7 Cr (~14.7% operating margin) for FY2024–25.

Source: Section 2 — Revenue and Financial Performance, Operating Expenses table (synthetic).

3. Customer Metrics

Metric	Value	As of / Period
Total Registered Customers	1,240	March 31, 2025
Total Paying Customers	1,180	March 31, 2025
Paying Customers (Prior Year)	890	March 31, 2024
Customer Growth (YoY)	+32.6%	FY2024–25
Annual Churn Rate	9.8%	FY2024–25
Customer Acquisition Cost (CAC), Blended	INR 42,000 per customer	FY2024–25 average

Customer growth is calculated from 890 paying customers (Mar 31, 2024) to 1,180 paying customers (Mar 31, 2025).

Source: Section 3 — Customer Metrics table (synthetic).

4. Market Size

Metric	Value	Geography	Period
TAM (Total Addressable Market)	US\$4.2 Billion	Global	Calendar Year 2025 (est.)
SAM (Serviceable Addressable Market)	INR 3,200 Cr	India + Southeast Asia, mid-market segment	FY2024–25 (est.)
SOM (Serviceable Obtainable Market)	INR 180 Cr	India + Southeast Asia	3-year target, by FY2026–27

TAM is estimated using a global industry benchmark for workflow automation software (all company sizes, all geographies). SAM and SOM narrow this to NovaTech's actual serviceable segment.

Source: Section 4 — Market Size table (synthetic).

5. Financial Summary Table

Consolidated snapshot of key figures referenced elsewhere in this report, with reporting period and source section for traceability.

Metric	Value	Unit	Period	Source Section
Annual Revenue	19.2	INR Cr	FY2024–25	Section 2
Average Monthly Burn Rate	3,800,000	INR (absolute)	FY2024–25 avg.	Section 2 / 6
Operating Profit	2.7	INR Cr	FY2024–25	Section 2
Total Paying Customers	1,180	count	As of Mar 31, 2025	Section 3
Customer Acquisition Cost (CAC)	42,000	INR per customer	FY2024–25 avg.	Section 3
Annual Churn Rate	9.8	%	FY2024–25	Section 3
Gross Margin	Not disclosed	%	FY2024–25	Not available in source documents

Source: Section 5 — Financial Summary Table (synthetic, consolidated).

6. Management Notes

“FY2024–25 was a strong year of execution for NovaTech. We maintained disciplined spending throughout the year, with average monthly burn of approximately INR 38 Lakhs, well within board-approved limits.”

“We ended the fiscal year with approximately 1,050 paying customers, reflecting continued enterprise traction across our manufacturing and logistics verticals.”

“Our total addressable market stands at approximately INR 1,800 Cr within the Indian market, based on FY2023–24 industry estimates.”

“Looking ahead, we expect FY2025–26 revenue to grow by 35–40%, driven by our Southeast Asia expansion and the recently launched NovaInsights analytics module.”

Source: Section 6 — Management Notes, quarterly board letter excerpts (synthetic).

7. Risk and Disclosure Notes

- **Customer concentration:** The top 5 customers together account for approximately 22% of FY2024–25 revenue.
- **Gross margin not disclosed:** No independently verified gross margin figure is available for FY2024–25 in the source documents reviewed.
- **Invoice dispute:** One enterprise customer, representing approximately 6% of annual recurring revenue, has an outstanding invoice dispute as of March 31, 2025.
- **Unit economics for new market:** Customer lifetime value (LTV) for the Southeast Asia market entry has not yet been disclosed or calculated.
- **Governance:** Two board seats remain vacant pending the close of a planned Series B financing round.
